# GETAC V200 – THE ALL-ROUNDER

An effortless spin turns Getac V200 rugged notebook into a rugged Tablet PC.

Paired with Intel® Core™ i7 vPro™ processor, V200 offers industry-leading efficiency, extraordinary battery durability with fan-less design. It also features sturdy magnesium-aluminum alloy enclosure, shock-protected HDD and sealed I/O ports, and is impact

resistant. MIL-STD-810G and IP65 certified, V200 with micro particle proof and waterproof capabilities presents professionals working in demanding environments with a multifunctional and reliable solution.

Adaptive to different user contexts, V200 comes with a full-sized keyboard of 88 keys and a resistive multi-touch screen that would

allow users to operate with gloves on.

It integrates a built-in 2M pixels camera, a GPS receiver and multiple connection capabilities including bluetooth, WLAN and WWAN, as well as advanced TPM1.2 for information protection, making it the best choice for field professionals.
